

Skillnets is an industry body established in 1999 to support enterprise-led training under the Training Networks Programme. Skillnets works with diverse networks of companies across a wide range of growth sectors and regions, to address business performance, employability and enhanced competitiveness. Skillnets has been awarded funding of over €60 million from the National Training Fund and other sources. It has recently agreed an ambitious mandate with the Department of Enterprise, Trade and Employment for the period 2005 – 2010. To underpin this dynamic and growing organisation, Skillnets is now seeking the following key member of staff:

■ Accountant – Specialist in EU/Public Funding

Reporting to the Chief Executive you will monitor and manage the finance function of a subsidiary company in compliance with the appropriate EU/Irish Government regulations. You will ideally have experience of working with European Social Funds, EU Funds, publicly funded programmes and grants. Your duties will include budgets and cash flows, monthly and annual accounts, project management and submissions to the Department of Enterprise, Trade and Employment. In addition, you will create systems to ensure the best use of public funds. You will be a qualified Accountant, "hands-on", with a high level of communication skills, able to work effectively within a small cross-functional team and be a self-starter, comfortable with high levels of autonomy and deadlines.

Competitive remuneration is available for this role.

Those interested should contact David Wilkes in strict confidence or forward a CV to davidwilkes@cfw.ie
